

# ULTRAPLUSH TURF

Enjoy the low maintenance lush green of UltraPlush Turf – no watering, no fertiliser, no mowing. UltraPlush has high UV and moisture resistance ratings, made from recyclable polyethylene + polypropylene that is safe for children and pets, is lead-free with no heavy metals or harmful chemicals + all synthetic grass is of course pesticide free. Formulated for durability UltraPlush comes in three options for heavy traffic, playgrounds, commercial rooftops or residential applications.

UltraPlush Spring Deluxe has excellent strength + traffic resilience, 3 x 's' structured fibers, 5 colour tones, pile height: 40mm, stitches per m2: 16,800. Summer Soft has a plush pile with long thin 'soft touch' fibers, ideal for play areas, 4 colour tones, pile height: 45mm, stitches per m2: 21,000. Winter Park has a firm pile with mid length 's' fibers for tough environments, 5 colour tones, pile height: 35mm, stitches per m2: 14,700.
